2017 Winners' Sharing

2017 Tahiti Study Tour Sharing

Our designer team is united and enthusiastic to design. We exchange and share ideas – that's how innovative designs are nurtured. Moreover, the encouragement and support from company, as well as the high degree of flexibility granted, make our design more energetic.

Open Group I Champion – Ms Luo Jin Jiao (Peter Lam Jewellery Ltd.)

The natural beauty of Tahiti together with the gradient colors of blue-green lagoon and sea have inspired me a lot. After learning more solid knowledge on Tahitian pearls, I have infinitely in love with it. In the near future, I would blend in more elements of Tahitian pearls in my designs.

Open Group II Champion - Ms Le Zhen (Edelweiss Jewellery Co. Ltd.)

Tahitian Pearl Award Freeze

- 開放式設計展區, 促進與買家交流

2017 IDA Designers' sharing

This is my first time to participate JMA Hong Kong. I could say it is the best timing for exhibition which is happening right before holiday seasons. The show is well organized with very nice booth design, HKJMA provides very good services and happy to see so many visitors including local, China and overseas at the show. It is a very successful show. Hope I could join again next year.

Stefan Bayer – Germany

This is the only exhibition that we participate. We have lots of individual clients and visitors taking interest in our product and this year, we hope to find retailers in the show.

Ji Eun Kim, Gina – Korea
